

## **Week 129 – w/c 28<sup>th</sup> April 2019**

**Monday: Luke 8:40-56** This passage describes 2 miraculous healings. Both the woman suffering from bleeding and Jairus showed great faith in the healing power of Jesus. Seeing the woman being healed by touching Jesus' cloak must have given Jairus hope that Jesus could also heal his daughter even when the news came that she had died. Pray in faith for those you know who need a miracle of healing.

**Tuesday: Leviticus 23:1-22** These offerings may sound strange to us but the idea of giving your first fruits to the Lord remains. Is tithing a priority to you? Do you give God the first fruits of your income or do you give God your spare change? Verse 22 speaks of leaving some of the harvest to support the poor and the foreigner. Pray for the work of CAP supporting those in debt.

**Wednesday: 1 Kings 17:1-24** This chapter shows the miraculous provision of God. God provided Elijah with bread and meat supplied by ravens which were considered unclean animals. He then provided food for Elijah, the widow and her son through a jar of flour and a jug of oil which would not run out until the Lord sent rain to the land. Praise God that he is Jehovah Jireh, the Lord who provides (Genesis 22:14).

**Thursday: Proverbs 16:10-20** See verse 16. Our main pursuit in life should be to gain wisdom and insight in the fear of the Lord as these things are worth more than silver and gold. How are you increasing your Biblical knowledge at present? Pray that God will increase your wisdom (James 1:5-8).

**Friday: Lamentations 3:1-30** The sufferings of the people of Judah are described as though one man had experienced them. Thankfully the tone changes in vs 22-26 as the writer remembers that the Lord is compassionate and faithful. Use vs 22-26 to praise God today. Spend some time waiting quietly. What is God saying to you today?

**Weekend: Colossians 3:18 - 4:6** What is your attitude to work? Do you do as little as you can get away with or do you work as though God is your boss? In the coming week consider your attitude in work and in your family life. Are you being salt and light in your family and workplace?
