

5 year Bible reading plan – week 74

Week 74 - 8/04/18

Monday: Mark 4:1-20. According to Jesus what stops the word of God from growing & taking root in people's lives? Jesus encourages us to pursue his kingdom, his word & allow him to reign in our lives that we might grow & produce a crop thirty, sixty or even one hundred times. What is stopping you from growing in God?

Tuesday: Exodus 15:1-27. After God had brought about a great victory, only three days into the journey they began to grumble & complain because things had got tough. How do you respond when things get tough & what can we learn from Moses' response?

Wednesday: 1 Samuel 21:1-15. As Aaron & his sons ate the consecrated (showbread) in God's house, they came & ate as a friend & guest of the Lord. The showbread was always fresh. How do you keep your time with God fresh so that your relationship with him does not become stale?

Thursday: Psalm 56:1-13. As David finds himself in deep trouble & his very life is in danger, how does he deal with his fear which can help us in our scary moments?

Friday: Jeremiah 5:1-31. People in Jeremiah's day were blind to their faults & did not fear God. What accountability mechanisms do you have in place to help detect spiritual blind spots in your life?

Weekend: 2 Corinthians 5:1-10. Paul begins to talk about what happens when we die & is confident that this will take place & that he longs for that day. In the mean time he focuses on pleasing God. Today, ask the Holy Spirit to help you focus on doing things that please God & allow him to nudge us when we start to do things that don't please him.
